TO THE HOUSE COMMITTEE CLERK
Mary Lou Terrien
Please enter our email into the record.

To: "Redistricting and Elections Committee Members"

Please tell the Committee Members we are against a National Popular Vote Compact in Michigan. There are Very Good Reasons that the founding fathers set up the election of the President the way they did. Please don't mess with that by making it an election by popular vote. Remember - we are 'republic' rather than a direct democracy for reasons that the founding fathers understood well. setting our system up the way they did.

Sincerely,
